**Specification**

- Steel  
zinc plated, blue passivated
- Butt-welded toggle
- RoHS

**On request**

- in Stainless Steel

**Information**

Quick release toggle nuts GN 6336.3 are used in such applications where the knob has to be completely removed after the releasing operation and refitted rapidly for re-clamping.

Plug the toggle nut onto the threaded bolt at an oblique angle. During the clamping action, it engages into the threads of the bolt.
